

EMPLOYERS

WANT AN EASY WAY TO

BOOST EMPLOYEE MORALE

AND MAYBE EVEN

SAVE YOUR COMPANY
MONEY?

HELP THEM **SHARE THE RIDE** TO WORK!

Employees who take **public transportation** or join a **carpool or vanpool** tend to be **less stressed** arriving to work, and **more productive** overall.

The Share-A-Ride program helps match employees with other commuters – at just your company or at other work sites in the same area – who are making similar commutes on a regular basis. It also offers transit options when convenient.

For work sites located in southeastern Pennsylvania, Share-A-Ride can **help** your **employees** find the best way to **get to work**, and help your company **attract the best employees** in the process. Just go to www.pacarpool.org or <https://sharearide.agilemile.com/>; local Transportation Management Associations (TMAs) can help you make the matches and implement other commute programs, too!

Share-A-Ride is part of the Mobility Alternatives Program (MAP), administered by the Delaware Valley Regional Planning Commission (DVRPC) with funding from the Pennsylvania Department of Transportation (PennDOT).

COMMUTERS

WHAT IF
YOUR COMMUTE
COULD BE
EASIER, MAYBE EVEN
BETTER?

NOW IT CAN BE - WITH THE
SHARE-A-RIDE (SAR) RIDEMATCH PROGRAM!

A new commute can help you **feel like a whole new person**, and maybe even **save you money**, too. Just input your home and work locations into the SAR application, as well as your regular hours and a few personal preferences, and find **convenient public transportation options** or matches for **carpool or vanpools**. Now you can even earn **reward points** when you register your shared commute!

Signing up for Share-A-Ride is easy, and free. If you WORK in southeastern Pennsylvania, go to **www.pacarpool.org** right now to learn more. Or show your employer the other side of this flyer to help everyone at your company find the best commute.
