

# EMPLOYERS

can help employees find an easier commute.

## BE SMART - TRY TRIPSMART PA

TripSmart PA is a free program with information on the best way to take the trips we need to make around southeastern PA - across counties or around the corner, for work, errands, or play.

TripSmart PA offers information on car pools, van pools, transit, bike routes and buddies, and even managing a telework program. Plus there's a free ridematch program for anyone to use, for nearly any trip!

# COMMUNITIES

can find ways to encourage people to move around their neighborhood safely – to schools, stores, and parks – other than driving.

## LET'S GET THINGS MOVING

Did you know you don't always need a car to get around our region? Driving alone may not be the best option for every situation, or for every person.

When we drive alone, we add to traffic on our roads. And traffic slows everything down - people going to work or running errands, trucks delivering the goods we need, even buses that are moving a lot of people. Products - and people- arrive late, which isn't good for business. And stand-still traffic means more pollution in the air we breathe.

# INDIVIDUALS

can find a variety of alternatives to try out when they leave their car behind.

To find out more, use this QR code, or go to [www.dvrpc.org/commuterservices](http://www.dvrpc.org/commuterservices). Find info on the Share-A-Ride ridematch program at [www.pacarpool.org](http://www.pacarpool.org), or contact one of our partner organizations:
