

TRIP smart PA

**YOU'VE GOT PLACES TO BE.
HOW YOU GET THERE MATTERS.**

EMPLOYERS

can help employees find
an easier commute.

BE SMART - TRY TRIPSMART PA

TripSmart PA is a free program with information on the best way to take the trips we need to make around southeastern PA - across counties or around the corner, for work, errands, or play.

TripSmart PA offers information on car pools, van pools, transit, bike routes and buddies, and even managing a telework program. Plus there's a free ridematch program for anyone to use, for nearly any trip!

LET'S GET THINGS MOVING

Did you know you don't always need a car to get around our region? Driving alone may not be the best option for every situation, or for every person.

When we drive alone, we add to traffic on our roads. And traffic slows everything down - people going to work or running errands, trucks delivering the goods we need, even buses that are moving a lot of people. Products - and people- arrive late, which isn't good for business. And stand-still traffic means more pollution in the air we breathe.

COMMUNITIES

can find ways to encourage people to
move around their neighborhood
safely – to schools, stores, and parks –
other than driving.

INDIVIDUALS

can find a variety of alternatives to
try out when they leave their
car behind.

To find out more, use this QR code, or go to www.dvrpc.org/commuterservices. Find info on the Share-A-Ride ridematch program at www.pacarpool.org. or contact one of our partner organizations:
