

CHAPTER 7: **PROGRAMS**

7.1 DVRPC Regional Highway and Transit Programs

The DVRPC FY2022 TIP for New Jersey categorizes projects into the following programs: DVRPC Highway Program, DVRPC Transit Program (by NJ TRANSIT and DRPA/PATCO), and displayed for information purposes, the Study and Development Program. Additionally, the Statewide Program is included in this document.

The DVRPC region's Highway and Transit programs include 146 projects that are funded in the TIP over the First-Four Years (FY24–FY27). These projects total \$2.226 billion for the phases to be advanced over the next four years, averaging almost \$557 million per year. The project listings within the Highway and Transit programs that follow this chapter are grouped by county and transit operator/agency. Included are Highway projects for Burlington, Camden, Gloucester, and Mercer counties; a listing of projects that apply to various counties; and Transit projects for NJ TRANSIT and DRPA/PATCO. Within each county grouping, individual Highway and Transit projects are listed alphabetically by project name.

The DVRPC Regional Highway Program contains 86 projects, plus one (1) STATE-DVRPC funded projects in the DVRPC Local Program that anticipate encumbering \$3.9 million STATE-DVRPC funds between FY24 and FY27. Programmed funds include \$1.351 billion over the next four years for projects primarily addressing the highway system.

The DVRPC Regional Transit Program contains 59 projects (37 by NJ TRANSIT and 22 by the DRPA/PATCO) that are primarily programs or reserve line items. Programmed funds include nearly \$878 million over the next four years for projects addressing the regional transit system by NJ TRANSIT (about \$761 million) and the DRPA/PATCO (about \$113 million).

7.2 Statewide Program

The TIP lists 107 NJDOT-managed programs that are for the entire State of New Jersey and worth \$5.856 billion in the First-Four Years. The Statewide Program is primarily state funded over the First-Four Years. The remaining portion of the Statewide Program is federally funded. These Statewide Highway projects/line items are not specific to any particular MPO region but would benefit all or that provide direct support to NJDOT.

7.3 Study and Development Program

There are 11 total projects in the Study and Development Program: 8 NJDOT sponsored projects and three (3) locally sponsored. These projects are currently in a conceptual, "pre-TIP" phase (Concept Development) and not yet ready to enter the design phase. The locally sponsored projects are selected from DVRPC's Local Concept Development Program.

Somewhere Road Corridor Improvements

MRPID: 099

NEW

AQCODE: 203SM

This project will relieve a major existing bottleneck at the corridor by constructing roadway improvements that will reduce congestion and enhance traffic operations and safety throughout the project area. The improvements include lane widening, roadway elevation to reduce flooding events where appropriate, upgrades to the roadway geometry and the addition of shoulders, sidewalks, and bike lanes throughout the project limits. It will also include stormwater system upgrades along the entire project limits, new ADA ramps, and streetscaping.
